Why choose Dance?

Dance is suitable for anyone wanting to pursue the arts or dance in Higher Education, or as support for any course requiring good communication and group work skills. In addition to performing, choreographing and teaching, this course might lead to such diverse careers as dance therapy or journalism. The combination of academic, collaborative and creative skills required to succeed in Dance is considered important by Higher Education institutions and employers. The accent on practical work in lesson times contrasts well with more intensively theory-based lessons.

You should choose to study A Level Dance if:

- You enjoyed Dance at KS3 or 4;
- You enjoy a combination of practical and written work;
- You are interested in the possibility of following a performance-based career;
- You would like to develop your understanding of Dance and/or your technical skills;
- You want to enhance your UCAS reference by extending the range of your communication, analytical and evaluative skills.
